

EXP 11: Create a simple cloud software application for online super market using

any Cloud Service Provider to demonstrate SaaS with the template of customer name, address, phone, email, items, quantity etc. with the item classification form.

INPUT:

The screenshot displays a web-based form builder interface for an 'online market' application. The interface is divided into several sections:

- Basic Fields:** A sidebar on the left containing icons for various field types: Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, and Drop Down.
- Form Fields:** The central workspace shows a list of fields being added to the form, including Name, Email, Phone, address, quantity, Item name, price, and total amount.
- Field Properties:** A panel on the right that allows configuration for the selected 'Name' field. It includes options for Field name, Field link name, Validation (Mandatory), and Display Fields (Prefix, First Name, Last Name, Suffix).
- Status Bar:** The bottom of the interface features a trial expiration notice ('Trial expires in 7 days'), an 'Upgrade' button, a 'Help' button, and a 'Data Privacy' link.
